

JUNE 2020: FORM CRS (CLIENT RELATIONSHIP SUMMARY)

A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH ASPEN WEALTH MANAGEMENT

Aspen Wealth Management is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and an investment adviser's fees differ, and it is essential for you to understand these differences. As an investment adviser, our Financial Professionals are paid a percentage of the assets under management or an hourly fee. Registered representatives at a broker-dealer are paid commissions based on the investment products they recommend and sell. Free and simple tools are available to research firms and our Financial Professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and general education about investing.

ITEM 2 – RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Our Firm manages advisory accounts on a discretionary and non-discretionary basis. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without speaking with you first. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. In a non-discretionary account, you have not granted written trading authority to your Financial Professional, and he or she will speak with you before executing trades in your account, and you retain the control to buy or sell each security recommended. As the retail client, you make the ultimate decision regarding the purchase or sale of your investments. Our Firm continuously monitors your investment advisory accounts, and specific investments within your accounts, on an ongoing basis to align with your investment goals. This service is included as part of the Firm's standard advisory services. Our Firm offers financial planning and consulting services for our clients. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services. Our Firm provides general investment recommendations, on a limited basis to our clients. In a consulting engagement, you will be required to select your own investment managers, custodian, and/or insurance companies for the implementation of consulting recommendations.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications?
- What do these qualifications mean?

ITEM 3 – FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our Firm receives a fee as compensation for providing investment advisory services on your account. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based on a percentage of the total account value. Our maximum annual investment advisory fee is 1.25%, billed in advance, on a quarterly basis. You pay this fee even if you don't buy or sell investments. The more assets in your advisory account, the more you will pay in fees, and therefore, the Firm has an incentive to encourage you to increase the asset value in your account. The custodian will charge transaction costs, custodial fees, redemption fees, retirement plan and administrative fees, or commissions. Fees for financial planning and/or consulting services are \$250 per hour with a minimum of \$3,250 per plan. Fees are not deducted from client assets but billed after the comprehensive financial plan is delivered. For wrap fee program accounts, you will pay us a single asset-based fee for advisory services. This fee also covers most transaction costs and certain administrative and custodial costs associated with your investments. If you expect to trade infrequently or to pursue a "buy and hold" strategy, a wrap fee program may cost you more than paying for the program's services separately. You will pay fees and costs whether you make or lose money on your investments. These fees and costs will reduce the amount of money you make on your investments and will also affect the value of your account over time. Ask your Financial Professional about the fees you will pay.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments?
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they affect the recommendations we provide you. Here are some examples to help you understand what this means. Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Asset-based fee compensation also poses a conflict when: a) Advising you to rollover a 401(k) balance, when equivalent and less costly options are available if funds are left with the employer's fund manager. b) Advising you not to pay off a mortgage (thus diminishing assets), even when the mortgage carries a high interest rate. c) Advising against making a large charitable contribution to get a tax deduction (but decrease assets under management). d) Advising you to take a margin position in your managed account and charging fees on the margin balance. Our Firm is required to disclose commonly owned entities that would provide different services to you and generate additional compensation to our Firm. Helen Stephens Group, LLC offers tax preparation services and is owned by the President of Aspen Wealth Management. Please note that you always have a right to choose services and products from our affiliated entities or any other firm that provides similar services and products. Our Firm allows our Financial Professionals to trade in their personal accounts and may invest in the same securities as clients. However, all our Financial Professionals personal securities accounts are supervised on an ongoing basis. Helen Stephens serves on the TD Ameritrade Institutional Panel. Some of the products, services, and other benefits provided by your custodians benefit our Firm and may not benefit you or your account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How do your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our Firm's Financial Professionals are compensated by the investment services fees as described above in Item 3 Fee section. This compensation is based on the amount of assets they service, the amount of time spent, and the complexity required to meet the client's needs or revenue based on the recommendations provided by our Financial Professionals. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
